

# MT School Beverage Container Recycling Program

MT's Beverage Container Recycling Program allows individual schools to raise monies from their recycling activities for school fundraising opportunities. It also provides educational tools for teachers to help students understand the environmental impacts of failing to recycle, and learning how to properly recycle.

Based on past program success, an average elementary school can expect to raise approximately \$50 - \$100 per month. There is no cost to join, and schools receive 100% of the deposit refund on all beverage containers they collect. Plus, each school can compete with other participating schools of similar school size to win cash awards including the Grand Prize of \$5,000 and \$2,500 for top performing schools and recognition by their local MLA. Random Monthly Prizes are also awarded for all different levels of participation.

The 2009/2010 MT Program is honoured to be endorsed by both the Alberta Minister of Education, Hon. Dave Hancock and Hon. Rob Renner, Alberta Minister of the Environment.

## School Program Facts

- In 2009, the Schools Program recycled over six million containers
- Since its inception in 2004, the program has recycled over 18 million containers and raised over \$100,000 for schools across Alberta
- The program is FREE to all schools in Alberta

Throw your empty beverage containers in ABCRC's recycling bins instead of the landfill!

Our recycling bins are used every day in offices, schools, gyms, restaurants and at events across Alberta.

**Green Recycling Bin**

The Green Recycling Bin is sturdy, lightweight and developed in Alberta for indoor use. The bin measures 21" wide by 31" high and holds approximately \$30-\$35 of recyclable beverage containers.

Shipped in three pieces, they are easily assembled once they arrive. The Green Recycling Bins cost \$32 plus GST. For large orders of 16 or more, you will receive a discounted rate of \$20 each plus GST.

**Blue Recycling Bin**

The Blue Recycling Bin is suitable for both indoor and outdoor use. Constructed from hard plastic, the Blue Bins are highly durable, easily stacked, and include a secure lid.

The Blue Recycling Bins measure 22" in diameter and 32" high, and cost \$75 each plus GST.

Order your bin online at [abcrc.com](http://abcrc.com)

**Both recycling bins can be shipped to your choice of bottle depot anywhere in Alberta – for FREE.**

In Calgary and Edmonton, they can be picked up at your local ABCRC office: 3617 Ogden Road SE in Calgary and 9455 45th Ave in Edmonton. (Please call first to ensure your bins will be ready for you to pick up when you arrive.)

Through partnerships with community organizations, we're always expanding the awareness of beverage container recycling across Alberta. Some charitable organizations use Green or Blue Recycling Bins allowing these groups to raise funds in a unique, convenient way.

Help make a difference. Get your Recycling Bin today and help Albertans recycle every beverage container.
