

BIN ASSEMBLY INSTRUCTIONS

Estimated assembly time is 5 minutes. No tools are required.

BEFORE YOU START

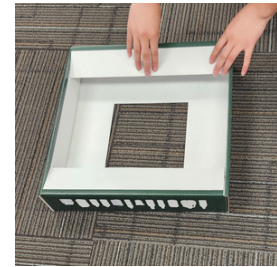

Verify that all three pieces are present:

- PART A: Lid with a square cut-out collection opening, printed with green arrows.
- PART B: Main Body, printed with "REFUNDABLE DRINK CONTAINERS".
- PART C: Base, printed with the ABCRC logo.

TO ASSEMBLE:

1) Construct the lid (PART A):

- Lay the lid piece flat with the printed side facing down.
- Fold along all scored lines.
- Bring the side panels together to form a square shape, and secure the locking tabs into the corresponding slots.
- Ensure that the lid sits flat and square.

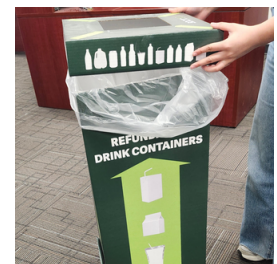

2) Construct the base (PART C):

- Lay the cardboard base flat with the printed side facing down.
- Fold along all scored lines.
- Bring the side panels together to form a square shape, and secure the locking tabs into the corresponding slots.
- Ensure that the base sits flat and square.

3) Assemble the bin:

- Fold the main body (PART B) along all scored lines.
- Position the body onto the assembled base and align all edges.
- Press down gently until the body is fully seated and stable.
- Place the assembled lid onto the body and align all edges.
- Place a bin liner into the body, folding the open end over the body edge.
- Press down gently until the top fits securely.

BEFORE USE

Before using the bin for beverage container collection and/or after each move of the bin to a different location):

- Confirm that the base is fully locked, and the body is secure.
- Remove the lid, insert a new bin liner, and replace the lid, ensuring that it is properly seated.
- Ensure that the collection opening is unobstructed, and all graphics face outward.
